

Chortitza Colony Vital Records: 1808

Dnipro State Archives (DADO) Fond 134 Opis 1 Delo 204

Translated and Compiled by [Tim Janzen](#)

This file makes available a collection of vital records of births, marriages, and deaths that occurred in the Chortitza Colony during 1808. I have added a column that gives the record index number in the GRANDMA Mennonite genealogy database (GRANDMA number) for the head of the household for which the event pertains. These records cover almost all of the births, marriages, and deaths which occurred in 1808 except that no events were recorded for December. The original document was created on 6 December 1808 by Jacob Wiens, so it thus contains no events after that date and probably some events from early December 1808 and possibly also late November 1808 were omitted from the document. The latest event recorded in the document is on 29 November 1808. The original documents were written in both German and in Russian.
