

Householder and Voter Lists for the Chortitza Mennonite Settlement: 1869

State Archives of the Odesa Region
Fond 6, Opis 4, Delo 23298

Extracted and translated by Glenn Penner (gpenner@uoguelph.ca)

The following lists, which I have combined into a single table, are the lists of those farm owners [*Wirth*] and landless house owners [*Anwohner*] who voted for the colony representative of the Agricultural Association. For more information on the Agricultural Association see the corresponding [GAMEO article](#). Two villages have an additional classification, which was not named. These were possibly half-farm owners, or household heads whose ownership status did not fit into *Wirth* or *Anwohner*.

In the first table, villages are in random order. Numbers refer to the house or house/farm owned by the voter. In one village the numbering for the *Anwohner* is not given. A second table is the same data sorted alphabetically by name.

Wirth [Landowner] – owner of a farmyard and one of the 65 *desiatinas* of assigned land.

Anwohner [Cottager] – owner of a house, but not agricultural land (often rented land or worked as a tradesman or professional). Sometimes called a “*Klein Häusler*”. This group usually had no voting rights in village or colony affairs.

N/A – Status not available (262 men). For the villages of Chortitz, Schoenwiese, Kronsweide, Neuhorst and Kronsthal. The first 20-30 men listed for these villages were landowners [*Wirthe*] and the rest were landless [*Anwohner*]. Where one category ends and the next one starts is very difficult to determine.

Unknown – the village of Schoenhorst lists 16 men who were not *Wirthe* or *Anwohner*. These may have been half-farm owners or had some other ownership status.

The original file provides a summary table, which is not reproduced here. This table does not consider those who did not vote. It also has several errors.

This election for *Vorsizzer* of the Society was held in March and April of 1869. This same archival file provides the results of another election, for *Mitglied* [member], in April of the same year. That election was poorly attended, and the document is missing information. A third document (Odesa Fond 6, Opis 4, Delo 23559) has signatures of approval for the 1871 colony budget. I have not made a detailed comparison of the three lists.

The lists account for 1167 potential voters, of which 968 voted (that's an 83% voter turnout!). Detailed analyses of the data found in this table are complicated by the fact that three villages do not designate if the voter was a *Wirth* or *Anwohner*. An analysis of the total shows that nearly all of those who did not vote were *Anwohner*. A statistical census of the Chortitza colony for [1863](#), excluding Kronsgarten, gives a total of 972 families. This compares with the 1869 total of 1146, after subtracting out the Kronsgarten voters. Since the number of *Wirtschaften* [farms] was fixed, this shows an increase of 174 in a period of six years, nearly all of which would have been landless *Anwohner*. This, despite the move of at least 154 mostly landless families to the Fuerstenland colony between 1864 and 1869.

Election results (including only those who had over 1 % of the votes):

Jacob Niebuhr of Kronsthal – 405 votes (see his [GAMEO profile here](#))

Cornelius Friesen of Insel Chortitz – 252 votes

Abraham Petkau of Insel Chortitz – 34 votes

Daniel Dyck of Neuendorf – 17 votes

Franz Janzen of Kronsthal - 12 votes

Gerhard Neufeld of Kronsthal – 19 votes

Gerhard Pries Rosenthal – 15 votes

Heinrich Dyck of Chortitz – 19 votes

Jacob Hamm of Chortitz – 25 votes

Johann Hildebrand of Insel Chortitz – 12 votes

Johann Klassen of Neuendorf – 18 votes

Peter Loewen of Rosenthal – 12 votes

Did not vote – 199
