

Molotschna School Records: 1853-1855

Odessa Region State Archive, Odessa, Ukraine, Peter J. Braun Collection, Fund 89, Inventory 1, File 1759

Compiled by Steve Fast (May 2024)

These are lists of students who were absent for more than half the days in a month or time period (summer). The documents have been merged and individuals placed in alphabetical order. Names have been standardized, since the spelling of both first names and surnames varies from document to document within this file.

Note - Some additional farms have numbers in the original, estimated year of birth is calculated and not in original, and many records have additional notes about the child's absences.

Printing Note - Formatted for 8.5 x 14 inch paper.
