

Membership Lists for two Mennonite Brethren Congregations in the Omsk Region: 1934

Omsk Archives Fond 1011 Opus 1 Delo 92

Wilhelm Friesen (Detmold, Germany) and Glenn Penner (Winnipeg, Canada)
gpenner@uoguelph.ca

The Mennonite Heritage Archives is in the possession of a collection of several photocopies of material from the Omsk archives. Some of these files are of genealogical interest. These include membership lists for two Mennonite Brethren congregations in Siberia for the year 1934.

Note that it is difficult to determine if some of the females are married, widowed, or single. However, the middle name are always the first name of the father.

First names and surnames have been modified in order to make them consistent with typical traditional Mennonite German spellings.
